7 **METADATA** — information about a file, such as time, location or device details

8 **DIVERSIFY** — to develop more types of products or industries to reduce risk

Every word appeared in a lesson this week, so the crossword doubles as a check on what stayed. If a clue defeats the class, send them back to the lesson it came from rather than giving the answer.

Words from this week that would not fit the grid: offshore, recycled. Worth revising out loud.
